

Sustainable Development Goals

One hundred and ninety-three countries gathered for the United Nations (UN) Sustainable Development Summit at the UN General Assembly held in September 2015 unanimously adopted “Transforming our World: the 2030 Agenda for Sustainable Development.” The Sustainable Development Goals (SDGs) are set under the 2030 Agenda, an action plan for people, planet, and prosperity. The SDGs encompass 17 goals and 169 targets on social issues for the international

community to commit to achieving by 2030. Companies are expected to contribute to the 15-year SDGs through their corporate activities and business enterprises in collaborative partnerships with various other stakeholders.

Toppan is addressing the SDGs as inclusive targets for initiatives to fulfill its corporate responsibilities as a social benefactor committed to helping solve pressing challenges for global sustainable development.
